GAPS TO GROWTH—

Adapt, Innovate, and Thrive in an Ever-evolving Landscape

DATO DR THOMAS CHEE
Chairman Emeritus
ARTDO International

As Chairman Emeritus of ARTDO International, it gives me great pleasure, on behalf of the Board, to warmly welcome you to the 53rd ARTDO International World Conference. For over five decades, I have seen ARTDO International grow into a global catalyst for human capital excellence, bringing together thought leaders, practitioners, and change-makers from across the world. This year, we come together with a renewed purpose, to bridge the 'Gaps to Growth' and explore how we can adapt, innovate, and thrive in an ever-evolving landscape.

What makes this conference truly special, is its strong focus on practical applications, where ideas are translated into strategies and solutions you can immediately use. I

have always valued how this platform brings together diverse global perspectives, creating space for meaningful dialogue, strong networks, and shared learning across industries and cultures.

I warmly invite you to join me in this immersive and transformative Conference in Kota Kinabalu, Sabah, MALAYSIA. I'm sure you will find this Conference an enriching experience, one that inspires fresh thinking, fosters meaningful connections, and strengthens your impact as a leader.

I look forward to welcoming you personally. See you soon at the conference!

Reimagine The Future Of HUMAN CAPITAL Together

DATUK GEORGE TAITIM TULAS
President
ARTDO 2025/2026

It is my great pleasure to invite you to the 53rd ARTDO International Conference, taking place on the 6th – 8th September 2026 in the beautiful coastal city of Kota Kinabalu, Sabah, 'Land Below The Wind,' Malaysia.

Our theme this year — **"Reimagining Human Capital: From Gaps to Growth in the Era of AI, Agility and Authenticity"** — reflects one of the most important conversations of our time. As artificial intelligence reshapes work, organizations everywhere are asking: How do we prepare people not just to survive change, but to lead it?

At this conference, global thought leaders, practitioners and innovators from all parts of the world will come together to explore how organizations can transform talent gaps into growth opportunities. Expect powerful insights, practical frameworks and inspiring conversations on building agile workforce, authentic leadership cultures and future-ready human capital in an AI-driven world.

Beyond the conference, we are honoured to host a Post-Conference Mega Guru Workshop on 9th September led

by HRD expert Nega Guru, Dr William Rothwell on Succession Planning — a must-attend workshop for leaders responsible for developing the next generation of talent.

I look forward to welcoming you to my hometown, the gateway to a breath-taking natural wonders, Kota Kinabalu in the island of Borneo — from the majestic to pristine tropical islands in Kota Kinabalu, delegates can enjoy spectacular sunsets, vibrant local native culture, fresh seafood and warm Malaysian hospitality. It is the perfect setting to learn, connect, network and recharge.

Whether you are a CEO, HOD, HR leader, talent strategist, learning professional, academic, or organizational change champion, the 53rd ARTDO International Conference promises new ideas, meaningful networks, and transformative insights.

Join us this September as we reimagine the future of human capital together. Come for the ideas. Stay for the connections. Leave inspired to lead the future. We look forward to welcoming you to where **global minds meet and new possibilities begin!**

FROM GAPS TO GROWTH

THE **THREE PILLARS** OF THE 53RD ARTDO WORLD CONFERENCE

- AI Integration
- Organizational Agility
- Human Authenticity

WHO SHOULD **ATTEND?**

- C-Suite & HR Leaders
- L&D Professionals
- Global Decision Makers

THE **OBJECTIVE**

- Bridge the Digital Gap
- Accelerate Agility
- Lead with Authenticity
